

## Chatt Hills Barn Quilt Trail Status Report – April 22, 2021

### QUILT TRAIL UPDATE

#### Barn Quilts Completed

Since the March 2021 report, a quartet of barn quilts have been added to the barn quilt trail, bringing the total number of barn quilts to 15. Barn quilt #16 for Dallas Nevins is in progress and figured in the budget spreadsheet.

A **Barnyard Quartet** was installed at 7770 Barnes Rd on April 15, 2021. The four barn quilts, each measuring 4 x 4 ft, were painted by Laurie Searle and installed on the barn by Sam Smith. A custom pattern was created that features four patchwork animals, each with a lucky star. This "Barnyard Quartet" represents the 72 animals lovingly cared for at The Good Place Farm.

#### Barn Quilts in Progress

The following barn quilts are in the planning or painting stage:

1. **Dallas Nevins** at 8115 Piney Woods Church Rd. Work is finishing up on a barn quilt shown at the right for Dallas Nevins. This barn quilt will be placed on their two-story barn, so we may need assistance from GreyStone Power for its installation. I'll make the request once the barn quilt is finished cured time is scheduled.
2. **John & Terri Taylor** at 9275 Wilkerson Mill Rd. They will select their final design once Terri's schedule frees up after April 29. It will be placed on their older barn near at the front of their property by the road.
3. **StudioSwan** at 5401 Campbellton Redwine Rd (in the old Masonic Lodge.) They have submitted pattern called "Thistle Bloom" which their artists will paint. Awaiting a call back from Tom to schedule delivery of the materials.
4. **Pat & Kay Long** at 6430 Mixon Rd. They have selected a Maple Leaf quilt design, which will measure 4x4 ft. No update as of yet.
5. **Carl Bouckaert** is interested in hosting a barn quilt on his barn at the corner of Cedar Grove and Cochran Mill Rd. Several designs have been created and he is in the process of selecting one. No update as of yet.
