The Silo Sampler features a barn quilt triptych designed for Three Silos Farm at 12575 Hutcheson Ferry Rd. By far the most ambitious project to date, each barn quilt measures 8x8 ft and features a pattern that relates to farm life: Duck & Ducklings, Corn & Beans, and Dresden Plate.

The barn quilts were painted in March & April. Installation is scheduled for the week of April 11 and will require the use of scaffolding over several days. A mock-up and the patterns are shown here.
